Briarberry Farmhouse

My name is Abby Holmgren, and like you, I love to create using the art of crochet. This project was inspired by the idea of nautical fishing nets and the idea that a beach bag made from a fishermans net would be a unique and pretty addition to a day at the beach.

Briarberry Farmhouse isn't a real farmhouse at all, it's just a cozy place where I compile my ideas to share them with you. I hope you'll enjoy browsing the site and that it might be a welcoming place where you might find some inspiration for your next project. Stop by for a visit!

This Fisherman's Net Bag is the perfect summer accessory for your next beach getaway or trip to the Farmers Market. When asked "Where did you get that bag?" I hope you'll proudly say, "I made it!"

I learned to crochet from my Grandma Sherrie when I was 8 years old. Learning new stitches, making washrags and hotpads was just a chance to spend time with my Grandma then. Something happened as I continued crocheting into adulthood. I developed a love for crocheting and handmade creativity. My wish is that you might share your love of crocheting by patiently teaching a friend, coworker, neighbor, child, or loved one the basics of how to crochet so that just maybe, they might find the same spark that you and I, and Grandma Sherrie share.

Thank you for your dedication to learning and creating something handmade. Keep going!
