## **ASSEMBLY:**

Yay! You've completed your crochet popsicles and now it's time to make them into a garland!

Beginning with white yarn, cut a long string 20 inches longer than your desired garland length to allow for loops for hanging it. Mine measures 100 inches completed so I cut my yarn string 120 inches.

Begin stringing the craft balls on the string, placing 5 craft balls between each Popsicle. Space each popsicle about 10-12 inches between the others with 5 wool balls in between. After you have strung all of the popsicles and wool balls on the string, space them apart as desired. Finish by tying a few pieces of contrast colored ribbon on the garland at 3 or 4 places to add visual interest.

You did it! Way to go! Now hang up your Popsicle garland for everyone to see. And after all of that work, you know what you deserve? That's right....a Popsicle!

# Briarberry Farmhouse

My name is Abby Holmgren, and like you, I love to create using the art of crochet. This project was inspired by the dog days of summer where, here in southern Utah, it gets toasty hot and the only appetite I have is reserved for Popsicles. Making a garland was a fun project to use up some scrap yarn and the colors and different designs were a lot of fun to make.

Briarberry Farmhouse isn't a real farmhouse at all, it's just a cozy place where I compile my ideas to share them with you. I hope you'll enjoy browsing the site and that it might be a welcoming place where you might find some inspiration for your next project. Stop by for a visit!

Hang your Popsicle party garland on a wall or fireplace mantel or draped across your headboard to inspire sweet, popsicle filled dreams. Or throw a Popsicle party with the neighborhood kids and use the garland as a decoration!

I learned to crochet from my Grandma Sherrie when I was 8 years old. Learning new stitches, making washrags and hotpads was just a chance to spend time with my Grandma then. Something happened as I continued crocheting into adulthood. I developed a love for crocheting and handmade creativity. My wish is that you might share your love of crocheting by patiently teaching a friend, coworker, neighbor, child, or loved one the basics of how to crochet so that just maybe, they might find the same spark that you and I, and Grandma Sherrie share.

Thank you for your dedication to learning and creating something handmade. Keep going!
